NAP, Inc. PO Box 3808 Boulder, CO 80307, USA
Free 888-567-9727 email: info@bobacarrier.com

Warning: Please read and follow all enclosed instructions before use.

Care Instructions: Spot clean with soap and water. Machine wash only when necessary with mild detergent on delicate cycle. Do not use bleach. Air dry – better for both the carrier and our planet.

NAP, Inc. warrants the product against defects in materials and workmanship. We stand behind all of our products and will either repair or replace, free of charge, any carrier that does not meet our high standards during the first 12 months. Proof of purchase is necessary. We require that the carrier be sent to us directly so we can confirm the defect and either repair or replace the item.

front carry

1. Fasten and adjust waist buckle at your back. Allow the body of the carrier to hang down in the front.

2. Bring baby to your chest and separate legs (legs should hang over waist belt).

3. Bring body of carrier up over baby's back while securely supporting your baby.

4. With right hand supporting baby, place left shoulder strap on your shoulder.

5. Switch hands to support baby and bring the right shoulder strap over your shoulder.

6. Bring both hands behind your neck and fasten chest strap. Tighten to secure.

7. Tighten the shoulder straps by pulling down on the adjustment straps if needed.

8. All set for Boba fun!
